CARE

Dear Kim,

ACADEMIC
DEVELOPMENT

Thank you from the bottom of my heart for your recent help with the donation of the house from 504 S. Beach Rd. Jupiter Island to Victory Children's Home.

RECREATION

Your continued support helps us daily reach into the worlds of despair and pain of abused children and give them hope and a future.

SPIRITUAL
DEVELOPMENT

We are excited to share with you some of the opportunities that have come about in the last few weeks.

ENVIRONMENT
THERAPY

One of the most exciting things that is happening here is our Pilot Intake Home Project with the Department of Children and Families. Through this project we will be able to provide emergency services to the most desperate of victims, children who are traumatized by current abuse. This project enables a child who has been removed from their family because of abuse to begin to heal very quickly. Gone is the trauma produced by being bounced from Foster Home to Foster Home. In its place we can input love, security and the philosophy of healing and empowerment.
